

SRIRAMAN P

Cybersecurity Analyst

Chennai, India | +91 6380917054 | sriramanshree2002@gmail.com | [LinkedIn](#)

PROFILE SUMMARY

Cybersecurity Analyst with **2.10 years of SOC experience**, specializing in **Splunk SIEM**, **Microsoft Defender for Endpoint (EDR)**, and **email security**. Experienced in alert triage, incident response, malware and phishing analysis, correlation tuning, and false positive reduction. Hands-on exposure to dark web monitoring, threat detection, and SOC reporting. **CEH v11** and **Microsoft SC-200** certified.

PROFESSIONAL EXPERIENCE

Cybersecurity Analyst

Zalaris HR Pvt. Ltd. | Apr 2023 – Present

- Triage and investigated **50+ daily security alerts** using **Splunk SIEM** and **Microsoft Defender** platforms.
- Conducted advanced investigations with **Defender for Endpoint, Office 365, and Identity**, analyzing processes, file hashes, network activity, and user behavior.
- Performed **incident and root cause analysis**, executing containment actions such as **device isolation, account resets, and IOC blocking**.
- Developed and tuned **Splunk correlation searches and dashboards**, reducing false positives by **20%** and improving SOC visibility.
- Investigated and mitigated **phishing and email-based threats**, reducing response time by **30%**.
- Conducted **dark web threat monitoring** using **LeakPeek and SOCRadar** to identify credential and data exposure.
- Monitored **CVEs and vulnerability alerts**, supporting remediation efforts with IT teams.
- Authored and updated **incident response SOPs and playbooks** (Azure, Suricata).
- Mentored a **4-member L1 SOC team**, reducing unnecessary escalations by **15%**.
- Prepared **weekly and monthly SOC reports** covering incidents, trends, and KPIs.

KEY SKILLS

SOC Operations | Splunk SIEM | Microsoft Defender EDR | Email Security | Incident Response | Malware & Phishing Analysis | Endpoint Isolation & Remediation | Threat Hunting | Alert Tuning | Dark Web Monitoring | CVE Monitoring | MITRE ATT&CK | SOC Reporting

PROJECTS

Dark Web Monitoring for Credential Leaks

- Performed **dark web monitoring** using **LeakPeek** and **SOCRadar** to identify compromised credentials.
- Analyzed domain-specific data leaks and prioritized **high-risk exposures**.
- Supported **credential remediation**, reducing exposure risk by **30%**.

Automated CVE Monitoring (n8n & NVD API)

- Built an **automated CVE monitoring workflow** using **n8n** integrated with the **NVD API**.
 - Enabled **real-time alerting** for critical vulnerabilities.
 - Improved vulnerability response prioritization by **40%** through structured reporting.
-

CERTIFICATIONS

- Certified Ethical Hacker (CEH v11) – Valid until March 2025
 - Microsoft Certified: SC-200 – Security Operations Analyst
-

AWARDS & RECOGNITION

- **Employee of the Year – 2024 | Zalaris HR Pvt. Ltd.**
Recognized for outstanding performance, SOC impact, and leadership contributions.
-

EDUCATION

B.Tech / B.E. – Computer Science

Dr. M.G.R. Engineering College, Maduravoyal | 2023

CGPA: 8 / 10
